

EE 102 Week 5, Lecture 1 (Fall 2026)

Date: September 28, 2026

Contents

1	Goals	2
2	Review: Convolution definition	2
3	Discrete time convolution	2
4	Example: A discrete-time echo system	3
4.1	Convolution computation (without visualizing)	4
4.2	Visualizing convolution (with graphs)	4
4.3	Idea: Flip ‘h’ and slide through ‘x’	4
